SUMMARY

As a web developer with 8 months of experience in this industry, I am passionate about creating innovative and user-friendly web applications. With a strong foundation in front-end and back-end development, I have worked on numerous projects, ranging from small business websites to large-scale enterprise applications.

EXPERIENCE

JET WEB SOLUTIONS – Web Developer

Nov 2022 – Jun 2023

As a web developer at Jet Web Company, I was involved in developing and maintaining various web applications, working on both the front-end and back-end components. I used a combination of HTML, CSS, JavaScript, and front-end development. On the back end, I worked with PHP.

IGMI LEAD CONSULTANCY PVT.LTD – Web Developer Intern

Jun 2022 – Aug 2022

During my web development internship at IGMI Company, I gained hands-on experience in front-end and back-end development, worked with HTML, CSS, JavaScript, and PHP, and collaborated with a team to create responsive websites. I learned about agile development processes and contributed to testing and bug fixing.
